

KESSLER SAYS HE LENT DEPUTY WARDEN \$5000

Millionaire Bootlegger Testifies
He Also Took a Note
From Sartain.

By the Associated Press.

ATLANTA, Ga., Feb. 18.—Man-
nie Kessler, millionaire New York
bootlegger, testifying at the trial of
A. E. Sartain, former Warden, and
L. J. Fletcher, former Deputy Warden
at Atlanta Penitentiary, and
Laurence Riehl of Columbus, O.,
on charges of conspiracy, today
identified a check for \$5000 which
he said Emanuel Stutick, his New
York lawyer, lent him.

This, the witness said, followed
an agreement by the warden, Willie
Haar, and Morris Sweetwood, to
put up \$15,000 to be used in an ice
company with which Fletcher is
connected. Sweetwood, however,
backed out, but the witness said
he "went through" as did Haar.

The witness testified he offered
the \$5000 as a gift, but that the
Deputy Warden told him he would
rather have it as a loan. He said
also he had had a conversation
with Sartain in regard to this pro-
posed transaction and said he took
a note from Sartain and that it
also was signed by Fletcher. This
note, the witness said, was lent
him by Fletcher.

Lost \$1700 Gambling.
This \$5000 check is the one
Graham Baughn is said to have
cashed. The witness said that his
losses in gambling games to
Baughn totaled about \$1700, in-
cluding a \$100 bet on "the flip-
pant."

Kessler went into some details
as to what he said were special
privileges granted him at the pris-
on. He said his meals were "as
good as any hotel." He bought
much food from a store across the
street.

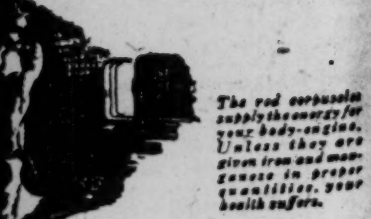

The witness, on cross-examina-
tion, said that he never discussed
any special privileges with Sartain
or Fletcher. He also said that he
could not say that either the Warden
or Deputy Warden got any money
from him. The witness said he signed
an affidavit exonerating prison offi-
cials, but said that, although he
swore to the truth of the affidavit,
it was not true.

Kessler said that, although he
finally lost \$1700 in the much-dis-
cussed \$25 limit poker game, he
was at one time more than \$3000
ahead in the game.

In reply to questions as to his
living arrangements at the quar-
ters of Father Hayden, then Catho-
lic chaplain at the prison, Kessler
said he paid \$5000 for this privi-
lege for Morris Sweetwood, his
partner, and himself. The witness
mentioned in connection with this
arrangement, William Wall, who
he said was a deputy clerk, but he
continued that in the payment of
the money in two installments of
\$2500 each, it was taken by two of
his lawyers to a "Mrs. Walthall."
Kessler said in his afternoon testi-
mony that he gave information to
the Government after he found
Father Hayden and Wall had tol-
d of \$5000 paid by Sweetwood, his
partner, and himself through "Mrs. Walthall."
He said he was approached by
"Wall and Sweeney" in regard to a
possibility that he be permitted to
eat at the chaplain's quarters.

Man Found With Gash in Throat.
William Shirkey, 36 years old, was
taken to city hospital yesterday
day from a room he occupied at
1835 North Broadway. When he
was found with a gash in his
throat, apparently self-inflicted.
His condition was said to be seri-
ous.

PICTURESQUE FUNERAL OF FLOYD COLLINS HELD 70 FEET ABOVE HIS PINIONED BODY

SIMPLE RITES WITHOUT CASKET OR ACTUAL BURIAL

Preacher Speaks From Tree
Stump, Bits of Fern Are
Dropped and Crumbling
Earth Fills Shaft to Cave.

CEREMONY FITTING END TO TRAGEDY

Small Kentucky City for
Two Weeks Was Center
of Interest as Diggers
Worked in Vain.

By FREDERICK BRENNAN.

A Staff Correspondent of the Post-Dispatch.

SAND CAVE, Ky., Feb. 18.—It
was a simple funeral. There were
no flowers, only the ferns growing
wild from moss on the rocks. The
chapel was a simple wooden shed
at the brink of a ravine. A white
stump served as a pulpit. For
an altar screen there were only the
amber tops of trees reaching from
the valley below. It was a funeral
without a casket.

The Rev. Roy Biser from over
Glasgow way read the lesson. The
battery of moving picture cameras
clicked and newspaper men jostled
each other to get close enough to
hear. Over to the left and at the
head of the ravine was the mouth
of Sand Cave. Workmen had
taken the tarpaulins which had
covered it away and the 70-foot
chasm was in full view of the
mourning crowd.

Laugh New View Away Tears.
The Lord giveth and the Lord
taketh away. Blessed be the name
of the Lord. Mr. Biser
read, seeming to address the words
to that black hole in the hillside.
Pretty soon he got down from the
stump and the choir (14 women
from the churches at Cave City)
sang "Jesus, Lover of My Soul."
They sang softly and Lee Collins
and his wife, seated in the front
chairs, cried a little. The rough
men standing about with heads
bare put up dirty thumbs to their
eyes, surreptitiously.

The preacher offered a prayer
for Floyd Collins. He had come
from Horse Cave, he said, to re-
mind the mourners how transient
life and that a thousand years
ago God is but as yesterday.

He said he was approached by
"Wall and Sweeney" in regard to a
possibility that he be permitted to
eat at the chaplain's quarters.

Cheated of Life and of Burial.
Eyes strayed toward the mouth
of Sand Cave. A silent derelict
laid some wheelbarrows and
buckets abandoned timbers there
and there. Sand Cave had been
cheated Floyd Collins of life. Now
he was cheated him of decent
burial.

On the hillside above
an undertaker stood before the
mourners. In his hand was a bit
of an ash and a pinch of clay.
They were dropped one by one as
Mr. Dickey read the commitment.
The piece of fern fluttered in the
wind and came to rest near the
mouth of a sentry, who had stood
with rifle on shoulder near the
pulpit.

The shaft down to Collins' tomb
was crumbling white men on the
hillside were dropping things to
be buried in the cave. In the cave
he was being interred by the shifting
earth and the cavern winds were
sighing his requiem.

The closing hymn was announced, "We
Will Understand It Better by and
by." A photographer handed his
plates to a boy and said, "Rush
these to the plane. They gotta be
in Chicago tonight." A last
trayer... Before it was over 20
service cars were beating it back to
Cave City so that newspapermen
might tell people in Missouri, Cali-
fornia, Oregon, Maine, New York
and Canada of the funeral.

A tragedy of a Cave.
What a simple scene here in the
country of Kentucky to draw
the eyes of the whole world! A
colossal ravine in the hills. An
earthquake opening. In the cave
there none but a few workmen
and doctors ever saw him, lies a
victim of prior to a few days
ago. He was a man of 25 years,
his gasp of anguish
was heard of millions; his sus-
tained his tragedy because they
tragedy—at least newspaper head-
lines announcing his death were
enough to indicate so.

Two weeks the world
watched, demanding news of the
tragedy. Men, seven airplanes
were sent to carry back pictures of
the scene. A staff of correspond-
ents came there to get the story
and others came here to get
about it. Special wires and
special operators were in an office
at the Dixie Hotel at Cave City.
They came. Generals came. Min-
isters came. Doctors. Twenty men
were burned alive in a mine

Floyd Collins' funeral. The Rev. Roy Biser preaching and the parents of the dead man in the foreground.

with far less public notice; a steam-
ship has gone down with all hands
and no more news was printed.
One man, a cave-digger, a guide
for tourists, who went into danger
for no other reason than that he
hoped to make money by it, and
that he enjoyed it, and who was
trapped for no other reason than
the secret—whether Collins lived
or was dead, whether he would be
found. Only workers were close to
the secret.

The boy, out of a job in Louis-
ville, Memphis or Cincinnati,
jumped on a freight train and rode
to Sand Cave. The sentry at the
gate far beyond the row of khaki
tents and out of sight of the cave,
let him pass. He was a worker.
Presently, he was led into the pres-
ence of "Mr. Carmichael," who
shook hands with him, and felt his
hopes as man to man and asked,
"Reckon you can fight it down
there?" The boy usually replied,
"Try me and see, Boss."

The newcomer was assigned to a
crew, and he soon learned that his
boss was not on showing Mr.
Carmichael they were better men
than the "Louisville boys" or the
"cave diggers." He was a worker.

The diggers.
They slept in tents when there
was room, and under planks thrown
across a crevice in the rocks when
there had only the clothes on their
backs. It was a period of toil,
where dry socks were at a premium
and three hours' sleep on an army
cot above price.

The leader of the work from
Louisville, six hours at a rig,
Michael, a Virginian, graduate of
Washington and Lee University. He
was a picturesque figure—wearing
an old slouch hat, a coat with
sheepskin collar, puttees or boots,
khaki breeches. He knew how to
handle men of their type, being su-
perintendent of an asphalt mining
project. He heard there was a man
caught in Sand Cave two weeks
ago Monday and sent some of his
workers over to help.

They sent word that no one had
taken charge at Sand Cave and
nothing was being done. So Car-
michael, to use his testimony at the
inquest, "went over to see about it."
He bossed the job, from then
on. Later, Gov. Fields sent M. E.
S. Posey of the State Highway De-
partment to take charge, but Posey
generously stepped aside, realizing
that Carmichael had the work
started.

"Any of us would go to hell for
Carmichael," soon became the sen-
tence the sand-hogs liked best to
speak. He is a man grown gray,
but of an indefinite age. His com-
plexion is ruddy, his eyes gray and
humorous, his nose seeming not
quite made for his face. And how
he did know his men!

The Boss and His Men.
He saw to it that at Sand Cave
a suit of muddy overalls, a three
days' growth of beard, and blood-

soviet protected by a military dic-

project. He heard there was a man
caught in Sand Cave two weeks
ago Monday and sent some of his
workers over to help.

They sent word that no one had
taken charge at Sand Cave and
nothing was being done. So Car-
michael, to use his testimony at the
inquest, "went over to see about it."
He bossed the job, from then
on. Later, Gov. Fields sent M. E.
S. Posey of the State Highway De-
partment to take charge, but Posey
generously stepped aside, realizing
that Carmichael had the work
started.

"Any of us would go to hell for
Carmichael," soon became the sen-
tence the sand-hogs liked best to
speak. He is a man grown gray,
but of an indefinite age. His com-
plexion is ruddy, his eyes gray and
humorous, his nose seeming not
quite made for his face. And how
he did know his men!

TRIO HELD FOR QUESTIONING ABOUT PUTNICK GIRL'S MURDER

Woman and Two Men Arrested at Edwardsville at Request of Victim's Father.

A young woman and two men are held in jail at Edwardsville today because of statements about the Anna Putnick murder, Nov. 2 last, made recently by Miss Eugene Dennis, a stage psychic, to Anna's father, George Putnick, of Madison County, Sheriff Deimling of Madison County detained the three at the father's request, and arranged that the State's Attorney should question them this afternoon. Anna Putnick, who was 18 years old, was arranged to death as she was going home from her work as an elevator operator in St. Louis.

Joseph P. Simich, 17, and Miss Anna Morian, 17, were questioned previously about the case, and Pete Lageroff, 26, not heretofore named in the inquiry, are those detained.

Putnick said today that he questioned Miss Dennis after a St. Louis motion picture theater performance Jan. 22, and that the girl made statements to him which he repeated to the Sheriff. Later, Putnick said, Miss Morian talked with Miss Dennis, and told Mrs. Putnick what the girl said to her. Miss Dennis is to appear at a Granite City theater next week. It could not be learned today whether that fact had any connection with the suggestion which caused Putnick to question her in St. Louis.

CONVICTED OF ROBBERY AFTER VICTIM CHANGES TESTIMONY

Cecil Ryan Gets Five Years for Holdup, Despite Refusal of Man Robbed to Identify Him.

A prosecuting witness who twice previously had identified Cecil Ryan of 1922 Desmarre street as the man who held him up on the afternoon of July 13 last, repudiated his identification in Circuit Judge Ritter's court yesterday. The defendant was sentenced to five years in the penitentiary when the jury's verdict was brought in today. The witness, was Raymond Baer of 809 Allen avenue.

On the afternoon of the holdup Baer, who is a driver for the Whistle Banging Co., reported a man had leaped on his truck at Blair avenue and Monroe street and relieved him of \$25. Ryan was arrested a few hours later. Baer identified him, and later at the preliminary hearing, said again that Ryan was the man.

In court yesterday, however, Baer denied he had ever seen Ryan. Patrolman Albert H. Deter was then put on the stand and testified that Ryan was the man Baer had identified on the two other occasions.

Ryan's attorney announced he would appeal the case.

CONVICT-SUICIDE LEFT WILL

Document Provides for Chicken Dinner for Other Condemned Men.

By The Associated Press.

GRANTING, N. Y., Feb. 18.—Among the letters left by William S. Ford, who hanged himself in the death house at Sing Sing Prison Tuesday night to forestall electrocution as an incendiary and murderer of six persons, there was found Ford's will. Addressed to the chief of the prison commissary, it disposed, in a single sentence, of the earthly possessions of the real estate man, who for quite a long time had been a resident of the prison. The will named his father-in-law and five other persons.

"Kindly give to the condemned men a chicken dinner with potatoes, fruit, Irish tea, sugar and milk, to the amount of \$3, which I have on deposit at the commissary," read the will. There are 13 doomed men in the death house.

CLARK'S STATUE FOR CAPITOL

Special to the Post-Dispatch.

WASHINGTON, Feb. 18.—A statue of Champ Clark, for years Speaker of the House of Representatives, who is credited with first having called Statuary Hall in the capitol "The Chamber of Horrors," will be placed in this hall Feb. 25 with proper ceremonies.

At the same time a statue of the late James R. Mann, Representative from Illinois, will be dedicated. Representative Clarence Cannon (Dem.) of the Ninth Missouri District, Clark's district, will conduct the ceremonies for the Missourian. Cannon was at one time Clark's secretary.

Take Haley's Magnesia-Oil—milk of magnesia and mineral oil combined.

When nature relaxes her vigilance and permits the bowels to become clogged with accumulating waste matter, a tablespoonful of Haley's Magnesia-Oil, once or twice a day, will restore the bowels to their normal activity.

A perfect combination of milk of magnesia and pure mineral oil, Haley's Magnesia-Oil provides at one time an efficient antacid for disordered stomach, and a most natural lubricant for the bowels.

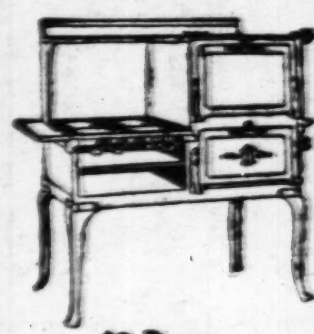

The mineral-oil carries the milk of magnesia straight to the lower bowel, where it is most required. It is harmless, causes no griping or nausea, and has only the palatable taste of magnesia which is lost entirely when it is mixed with milk.

A Season of Vivid Colors and Smart Flares
Is Ushered In in a Captivating Variety of

Women's Spring Frocks

Now Showing in the Costume Salon

At \$39.75

PLAIN flat crepes, smart foulards, charmeen, crepe de chine and
clever prints are employed in these models, each emphasizing
a distinctive and interesting style note for Spring. The essential
flare is here delightfully exploited, giving unexpected fullness to
the important straight model.

At \$65.00

Creations that suggest an origin in authentic foreign shops are
presented in this group. Black steps forth in refined chic, assisted
by wide flares, narrow panels and lovely lace. All the youthful
Spring shades are also offered in a diversity of new styles. Satin,
Georgette, satin crepe, crepe de chine, bengaline, prints and unusu-
al combinations are wisely used.

TOO MANY EXPLETIVES ON SPANISH LETTERS

J. J. O'Donohoe Turns Over
Missives to U. S. Inspectors
After Chasing Man.

James J. O'Donohoe, an attorney, with offices in the Title Guaranty Building, has turned over to Post-office Inspectors two unsigned letters written in Spanish, which O'Donohoe characterizes as containing "too many expletives."

The first letter was left in the mail box at O'Donohoe's home, 4121 Euclid avenue, 16 days ago. O'Donohoe had it translated by an instructor at Soldan High School. The letter was of a rambling nature and referred to a sum of money due the writer from a third person. The writer charged that the third party had spent the money for "dope," and "called names," according to O'Donohoe.

O'Donohoe does not propose to allow anyone to call him names in Spanish or any other language, so he lay in wait for the mysterious letter writer. The next evening a man, whom O'Donohoe describes as tall, swarthy, and well dressed, slipped a second missive in the O'Donohoe mail box. O'Donohoe gave chase, armed with a furnace shaker, and halted the man at the curb.

The man spoke excitedly, protesting that he meant no harm, according to O'Donohoe, who says he gave the mysterious messenger "a poke in the middle" with the furnace shaker when he became too heated in his protests. Following the "poke" the man ran away.

The High School instructor declined to translate the second letter, O'Donohoe says. "He said it was too hot for him, so I hunted up a Mexican and he translated it with apologies. It was addressed to 'Mon Only' and it surely exhausted the supply of Spanish expletives."

O'Donohoe says he does not know any Spaniards or Mexicans either, and believes the letter writer is suffering from a mental disorder. "It's certain he has the wrong mail box," O'Donohoe says, "and if he calls again he will discover that he has."

Firm Puts Price on Burglars.

By the Associated Press.
ATLANTA, Ga., Feb. 13.—Atlanta's first \$1000 burglar today was in the police station after his apprehension yesterday by two officers. The burglar, a negro, was found, the officers said, in the act of robbing a store of the local chain grocery firm which several days ago offered to give three of its stores open nightly for burglars in order to secure their other stores from marauders. One thousand dollars reward was offered for the capture of a burglar found molesting one of the other stores of the firm.

Throat germs—destroy them at the start

To prevent sore throat—to cure it—you must destroy the germs that cause it.
Formamint destroys throat germs—as no gargle or spray can do—because it releases in the throat a powerful yet safe antiseptic that acts continuously and long enough really to kill germs.
Every hour or so whenever the throat feels raw, or whenever you are exposed to infection, dissolve one of the pleasant-tasting tablets in the mouth. This continuous antiseptic treatment speedily clears out germs. Ask your druggist.

ECZEMA BROKE OUT ON ARM

Dry and Scaly, and Itched
and Burned. Could Not
Sleep. Cuticura Heals.

"Eczema broke out on my left arm between the elbow and wrist. It was dry and scaly and itched and burned so that I could not sleep at night. The irritation caused me to scratch, and the trouble lasted about three months. I tried everything I ever heard of with no relief. I began using Cuticura Soap and Ointment and they helped me. I continued the treatment and in a short time, I was completely healed." (Signed) Mrs. John McBe, 1319 Polk St., Topeka, Kans., June 16, 1924.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, scrub with Ointment, dust with Talcum.

Beginning Thursday—An Unusual Feature of Our February Sales—and the Most Important Saving Opportunity of Its Kind Ever Offered Here!

Sale of \$6.00 "Hotpoint" Electric Irons

5000 of Them, Specially Purchased and Offered at, Each

Five thousand Electric Irons—the largest single purchase of "Hotpoint" Irons that a retail store ever made from the Edison Electric Appliance Co.—and it was unusual even for this store with its reputation for dominance in buying. "Hotpoint" Irons are nationally known for their excellence—thousands are already in use in St. Louis and this opportunity to buy at such a low price will place many more of them in use. A \$6.00 Iron for \$3.95—and ironing by electricity is such a convenience and saves so much time that every housewife should take advantage of the offering, which is one of the most important in our February Campaign of Super Value-Giving. Note these features of the "Hotpoint" Electric Iron:

Every one is complete with standard "Hotpoint" plug and cord—and every one is fully warranted.

Thumb rest which minimizes ironing fatigue—enabling you to apply pressure, and to direct the Iron easier.

The attached stand—another "Hotpoint" feature, saves time and useless lifting of the Iron.

Even distribution of heat over ironing surface—even at the very tip of the Iron.

The special ball and socket joint eliminates the bending of the cord at the usual breaking point.

Simple construction, making repairs—if ever necessary—very easy to make.

Hinged cord and plug protector reduces kinking and breaking of cords to a minimum.

These and other features shown in the special Demonstration—see it before you select your Iron.

ACQUITTED OF MURDER
BY INSTRUCTIONS OF JUDGE

Fred A. Dalton Found Not Guilty at Conclusion of State's Case.

Because there was no direct evidence to link Fred A. Dalton, 7923 South Broadway, with the murder of John P. Conley, Sept. 2 last, Circuit Judge Frey yesterday instructed the jury hearing Dalton's case to return a verdict of not guilty.

Conley, a brother of the late Police Lieut. Thomas Conley, was slain in a yard in the rear of Dalton's flat after a row in Dalton's quarters. At the trial yesterday Mrs. Amanda Ward, who occupies another apartment in the same building, testified that she, her sister, Miss Frieda Chamberlain, and Dalton were sitting in Dalton's kitchen when the fatal fight began. They had just returned from an automobile ride on which Conley had refused to go, she said. As they talked, Conley rushed into the room and began to beat, cuff and choke her. Her sister intervened and the three struggled to the back porch and fell down the steps to the yard. As Conley beat her, Mrs. Ward testified, two shots were fired and he fell.

Other witnesses offered similar testimony, but there was no one to connect Dalton directly with the shooting. The instructed verdict was returned at the close of the State's case. The charge against Dalton was murder in the second degree.

INVESTOR CAUSES ARREST OF HEAD OF CARBON-COATS CO.

Arthur Mueller, Father of 11, Held on Complaint of Man Who Seeks Return of \$800.

Detectives last night arrested Arthur Mueller, 45 years old, of 2842 Belt avenue, on complaint of Ferdinand Burke, 1320 St. Ange avenue, who says he invested \$800 in a company headed by Mueller, and has received no return.

Mueller, the father of 11 children, told reporters today that Burke invested \$800 last May in the Carbon-Coats Manufacturing Co., which Mueller formerly operated at 1248 Hodiadmont avenue. In return for the investment Burke was given a position, Mueller says, and notes covering the sum. Burke did not like his job, Mueller says, and resigned, demanding his money. Mueller says the notes are not due until next May, and that he refused payment until that time. The Carbon-Coats Co. was organized by Mueller, following his discovery of a process for lining furnaces. He now operates the company from his home.

Grocery Register Robbed of \$38. Two men with revolvers entered the grocery of Morris Rosenberg, 2700 Madison street, at 5 p. m. yesterday and made Rosenberg go to a rear room while they robbed the register of \$38 and escaped.

REMOVE WRINKLES
UPLIFT SAGGING
FACE IN 5 MINUTES

New Process Without Any Chemicals or Drugs Removes Wrinkles, Crowsfeet, Lines and Uplifts Sagging Cheeks in Five Minutes.

Offered as a 100 Per Cent Perfect Process by the World's Most Widely-Known Dermatologist, Plastic Surgeon and Beauty Specialist.

Dr. Bailey's new process for uplifting sagging cheeks and the removal of wrinkles, lines and crowsfeet will be received with delight by thousands of women who wish to remove disfigurements which mar their beauty and bring much assurance to their faces. Most of these being afraid of the usual knife operations for this purpose.

This process, made and vouchered for by the world's most widely known dermatologist, plastic surgeon and beauty expert.

Dr. Bailey is 100 per cent perfect in his work and will remove INSTANTLY from 5 to 20 years from the age-appearance of a face.

It is so simple and effective that anyone can use it without any possibility of failure. It is entirely safe—you could do yourself no injury with it, remove even if you tried—no drugs, anesthetics or chemicals. And you could see results without knowing why your face looks from 5 to 30 years younger unless you should tell.

Your face has a Social and Dollar Value. The young-looking face is the ACCEPTABLE FACE at all social functions and in business. It sets you much farther along than the face of a woman with wrinkles, lines, crowsfeet and decadent, sagging tissues.

Dr. Bailey says that it is not a sign of vanity to wish a good-looking face, but just good business sense. Men who partner along in business should have their faces in the best possible condition. Dr. Bailey's free book, "The Social and Dollar Value of Your Face," it tells how.

The full details of this new process of Dr. Bailey's address a letter to Dr. Gordon Bailey, 1173 Exchange Building, Denver, Colo. The price of the process is nominal.

**BEWARE THE
COUGH OR COLD
THAT HANGS ON**

Chronic coughs and persistent colds
lead to serious lung trouble. You can
stop them now with Creomulsion, an
emulsified creosote that is pleasant to
take. Creomulsion is a new medical
discovery with twofold action: it soothes
and heals the inflamed membranes and
kills the germ.

Of all known drugs, creosote is recog-
nized by the medical fraternity as the
greatest healing agency for the treat-
ment of chronic coughs and colds and
other forms of throat and lung troubles.
Creomulsion contains, in addition to
creosote, other healing elements which
soothe and heal the inflamed mem-
branes and stop the irritation and in-
flammation, while the creosote goes on
to the stomach, is absorbed into the
blood, attacks the seat of the trouble
and destroys the germs that lead to
consumption.

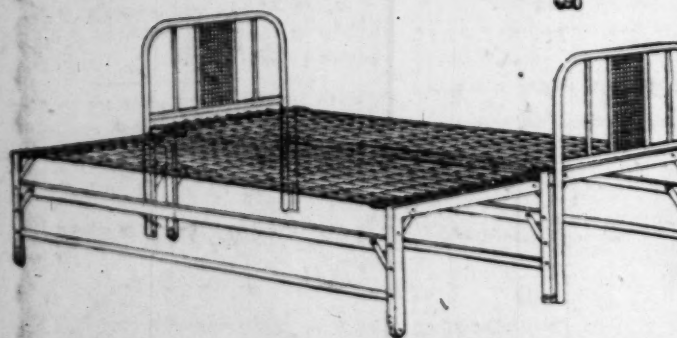

Creomulsion is guaranteed satisfac-
tory in the treatment of chronic coughs
and colds, bronchial asthma, catarrhal
bronchitis and other forms of throat
and lung diseases, and is excellent for
building up the system after colds or
flu. Money refunded if any cough
or cold, no matter of how long stand-
ing, is not relieved after taking accord-
ing to directions. Ask your druggist.

**J. OGDEN ARMOUR'S REMAINING
WEALTH PUT AT \$15,000,000**

That Is Estimate After Reorgani-
zation of Stock in Reorgani-
zation of Company.

CHICAGO, Feb. 18.—In a deal
representing approximately \$8-
900,000, bankers who are taking
over the bulk of the personal
holdings of J. Ogden Armour in the
financial reorganization of Ar-
mour & Co., packers, have agreed
to purchase the Morris family's
stock holdings in Armour & Co.

Two years ago, when Morris &
Co. was sold to Armour & Co., the
Morris family took in part payment
approximately 425,000 shares of
class A common stock of Armour &
Co.

It was understood Armour even-
tually would receive around \$2-
200,000 from his common stock of
both classes under the terms of
the bankers' proposition. This will
enable the liquidation of remain-
ing bank loans and still leave him
a fortune estimated at between
\$12,000,000 and \$20,000,000, it was
said.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach
sufferers are doing now. Instead of
taking tonics, or trying to patch up
a poor digestion, they are attacking
the real cause of the ailment—clog-
ged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse
the liver in a soothing, healing way.
When the liver and bowels are per-
forming their natural functions, all
away goes indigestion and stomach
troubles.

Have you a bad taste, coated
tongue, poor appetite, a lazy, don't-
care feeling, no ambition or energy,
trouble with undigested foods? Take
Olive Tablets, the substitute for
calomel.

Dr. Edwards' Olive Tablets are a purely
vegetable compound mixed with olive oil.
You will know them by their olive color.
They do the work without griping, cramps
or pain.

Take one or two at bedtime for quick
relief. Eat what you like. 15c and 50c.

'ONE-WAY' ON PINE AND LAWTON BOULEVARDS PLANNED

Traffic Council and City Plan Commission to Confer on Rush-Hour Proposal.

The Traffic Council today decided to confer at an early date with the City Plan Commission regarding the advisability of a proposal to institute one-way traffic on Pine and Lawton boulevards, from Grand boulevard to Twenty-second street, during the morning and evening rush hours. Traffic would proceed westward on Pine and eastward on Lawton between 7 and 10 a. m. and 4 and 6 p. m.

The Traffic Council discussed another proposal for one-way traffic on Locust and Pine streets, from Twelfth boulevard to Theresa avenue, but took no action. Another proposal discussed without action was for elimination of parking on the south side of Locust street, between 7 and 10 a. m. and on the north side between 4 and 6 p. m., as a means of expediting traffic.

FOREMAN, FEARING RETURN OF NERVOUS MALADY, ENDS LIFE

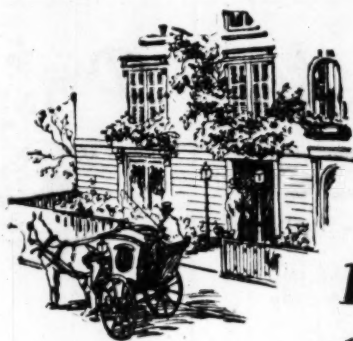

Housekeeper Finds Body of Charles F. Hinds in Basement of His Home.

Charles F. Hinds, 50 years old, of 4340 Junata street, killed himself with a revolver bullet at his home yesterday afternoon. His housekeeper, Mrs. Corinne Clark, heard the shot and found Hinds' body in the basement lying on an old army overcoat with a revolver containing a discharged cartridge in his hand. The bullet had pierced the brain.

Hinds was a widower living with two grown children and was employed as a foreman by the Southwestern Bell Telephone Co. He suffered a nervous breakdown a year ago and recently had been fearing a recurrence of the malady, Mrs. Clark said.

Train Derailed; No One Hurt.

ST. LOUIS, Neb., Feb. 18.—Five coaches of the Missouri Pacific passenger train No. 105, bound from Kansas City to Omaha, leaped from the track as the train rounded a curve two miles west of here at 4:10 a. m. today, but none of the coaches overturned and no one was injured. A broken rail is believed to have caused the accident.

OLD AGE WINS

What a pity anyone should "slack" because of "getting old." A man may be vigorous and healthy at 70 if his stomach and kidneys are in shape. When the step begins to lag, the joints ache, occasional touches of pain in the back, possibly twinges of rheumatic pains, drink plenty of water and try Gold Medal Haarlem oil capsules (the original and genuine). A famous diuretic stimulant for over 200 years. Sealed boxes, guaranteed as represented.

RESINOL

Soothing and Healing Gives such prompt relief from itching and burning, and so generally succeeds in clearing away skin disorders that it has become a standard treatment.

\$10 FOR BEST PLAN TO CUT COOLIDGE'S OFFICE EXPENSES

White House Clerk Puts Up Prize to Help President's Economy Campaign.

WASHINGTON, Feb. 18. — An economy contest, with a \$10 prize award, one of the results of President Coolidge's economy program, closed today at the White House executive offices.

Coolidge, holding that economy should begin at home, recently inquired of Director Lord of the Budget Bureau as to how much of a saving should be made in the next year in the expenses of the executive offices. Director Lord is understood to have advised the President that it ought to be possible to lop off \$12,500. Coolidge passed the word along to the office forces, and N. P. Webster, White House disbursing clerk, issued the following notice to employees:

"Although this office has been putting into effect economy for the past two years, it is necessary that further economies in expenditures be brought about. It is desired that every employee of the office take a personal interest in this matter and make at least one suggestion."

"As the official responsible in this matter, I shall be glad to award a prize of \$10 from personal funds to the employee who submits the best suggestion for bringing about a reduction of expenses. These suggestions should be along practical lines and should not be radical in their nature and not tend to disorganize the work of the office. Please send in your suggestion on or before Feb. 18."

PATROLMAN MATHEWS CLEARED OF CHARGES

Had Been Accused of Neglect Following Robbery of Clothing Store.

Charges of neglect of duty against Patrolman John J. Mathews, Fifth District, were dismissed by the Police Board yesterday following a hearing.

The charges resulted from the robbery of a clothing store at Broadway and Bremen avenue early on Feb. 9. Capt. Dudley McDonald of the Fifth District told the Police Board that Patrolman Mathews had been ordered to watch the clothing store from the lobby of the Bremen Bank, across the street, but that, despite this precaution, a thief broke a window in the store and stole an overcoat.

Mathews testified that he had maintained a vigilant lookout for burglars but was forced to leave the bank lobby for a few minutes shortly after 3 a. m. and that the robbery occurred during his absence. The store had been robbed twice previously.

The case of Patrolman Edwin F. Lichtenberg, charged with failing to report for duty Feb. 2, was taken under advisement by the Police Board. Lichtenberg testified that he had headed for Kings-

highway and Delmar boulevard, lost, followed numerous wrong directions, and eventually reached Union, Mo., where he spent the night. Lichtenberg is a war veteran and is said to have suffered from gas and shell shock.

Give Your Guests Afternoon Tea

THE SOCIAL FUNCTION OF TO-DAY

THERE is nothing quite so refreshing or delicious as a cup of tea in the afternoon. Afternoon Tea is becoming a daily habit throughout the world. Serve it the English way—India Tea made in an Earthenware Teapot, served with thin slices of bread and butter and jam or marmalade. But be sure you use—

INDIA TEA

OR A BLEND CONTAINING INDIA TEA

About one half of the world's Tea supply comes from India. On the India Tea Bush grows the finest Orange Pekoe in the World. Ask at your store for India Tea and serve it to-day. Most of the Packet Tea people now sell India Tea under their own brand.

HOW TO MAKE A PERFECT CUP OF TEA
Use an Earthenware Teapot. Put in one teaspoonful for each cup of tea. Be sure the water is poured into the Teapot the moment it boils. Allow to stand for 4 or 5 minutes to infuse. Put a little milk or cream into each cup before serving the Tea—it improves the taste. Add sugar to taste. Be sure you use—INDIA TEA.

**FIVE ALDERMEN
FACE FIGHTS FOR
RENOMINATION**

Possibility That Sixth Member of Present Board May Have Opponent Before Filings Close.

FOURTEEN TO BE CHOSEN IN APRIL

Thus Far 31 Candidates Are in Field for the Positions; Three Democrats, Remainder Republicans.

Seats of five members of the Board of Aldermen, among 13 incumbents seeking renomination on the Republican ticket in the primary, March 12, will be contested with the possibility that a sixth member may find serious opposition before the final filing day, March 2.

Fourteen Aldermen, from the uneven numbered wards, will be elected. A vacancy exists in the Fifteenth Ward, formerly represented by the late Harry W. Chiemeyer. Thus far, 31 candidates have filed, of whom three are Democrats and the remainder Republicans.

Indications are that contests will center upon Aldermen Martin D. Lohmann of the Ninth Ward; Joseph R. Heckel, Thirteenth Ward; Thomas S. Watts, Seventeenth Ward; and Clinton E. Udell, Twenty-Third Ward. It is said in organization circles that opposition is developing to Alderman Henry Wander of the Seventh Ward, but no candidate against him has filed.

Otto J. Schultz, 2120 North Thirteenth street, has filed against W. F. Niederluecke, the incumbent, in the Third Ward, but his strength is not known. He is a supporter of Victor J. Miller for Mayor.

Elected By City-Wide Vote. Aldermen are nominated and elected by a city-wide vote and the Republican and Democratic City Central Committees usually prepare a "slate" for all wards.

Herman Heitzroeder, 2826A South Ninth street, a former professional boxer and wrestler, and Andrew A. Koetker, 2631 McNair avenue, a deputy sheriff, have filed against Lohmann. Koetker was accompanied by Committeeman Richard Smart of the Ninth Ward when he filed. Smart is a deputy under Circuit Clerk John Schmoll, who favors Louis F. Aloe, former president of the Board of Aldermen, for Mayor. Indications are that Koetker is likely to receive this support. Lohmann has always been identified with Mayor Kiel.

Alderman Heckel, who is from Schmoll's ward, incurred his opposition four years ago when Heckel opposed Schmoll for the committee and last August. Then Heckel again opposed Schmoll's choice for the committee, Herman Meuser, who was elected. Schmoll will concentrate on Edward E. Schoenig, 5010A Gravois avenue. Heckel is likely to side with Judge J. Hugo Grimm in the latter's mayoralty campaign.

Contest in Seventeenth Ward. The action of William Runge, a building inspector for the city, in filing against Alderman Watts in the Seventeenth Ward, indicates a rift in the organization there. Both have been identified with the organization of Committeeman Frank Slater. Slater recently said he was for Watts.

Alderman Udell has three opponents in the Twenty-third Ward, where a break in the organization followed the unsuccessful attempt to unseat Mrs. George Gallan, negro committeewoman. John M. Casey, 4753 Vernon avenue, has the support of Committeeman William Maffitt Bates, J. E. Johnson, 4618 McMillan avenue, former committeeman from the Twenty-fifth Ward; Harry Felberbaum, 4611A McMillan avenue, and Adam Hoer, 4628 Newbury terrace, a Deputy Sheriff, are also candidates.

S. A. Nangle of the Twenty-fifth Ward, S. L. Wimer, Twenty-seventh Ward; W. J. Studt, Twenty-first Ward; A. H. Niederluecke, Nineteenth Ward; John A. Fett, Eleventh Ward; Henry Wander, Seventh Ward; Edward Wiehe, Fifth Ward, and Edward L. Kuhs, First Ward, are thus far unopposed.

Candidates for Vices. W. S. Kayning, 4092 Magnolia avenue; August Walz, 4253 Cleveland avenue; Arthur Kramer, 2645 Cleveland avenue, and Robert L. Spelbrink, 3859 Castleman avenue, are candidates to succeed Chiemeyer in the Fifteenth Ward.

Joseph F. Chartrand, 3551 Itasca street, candidate for the nomination in the Thirteenth Ward, and Joseph T. Newell, a grain broker, living at the Missouri Athletic Association, a candidate from the Fifth Ward, and Emmett Golden, 2248 Theodosia avenue, Twenty-seventh Ward, are the only Democrats who have filed thus far.

PROSPECT FOR
CONFIRMATION OF
WARREN BRIGHTERAdministration Senators
Get Impression That
They Can Crack Demo-
cratic Opposition.SILENT AS TO WHOM
THEY WILL SWERVESenators Robinson and Car-
away Breakfast at White
House—Table Talk Os-
tensibly on Local Bill.

Post-Dispatch Bureau,
35-23 Wyatt Building.
WASHINGTON, Feb. 18.—The
horizon is brightening for Charles
Beecher Warren, confirmation of
whose appointment as Attorney-
General has been held up in the
Senate.

Administration Senators have
gathered the impression that the
Democratic opposition to this ap-
pointment is cracking and that
enough Democrats will be detached
to make up for the loss of the Re-
publicans who have been making
the campaign against Warren. Just
what Democrats they expect to
detach they will not tell.

Senators Robinson, Democratic
leader, and Caraway, his colleague
from Arkansas, were breakfast
guests at the White House yester-
day, but so far as known Warren's
confirmation was not mentioned.

The White House breakfast con-
versation is understood to have
been concerned with a little bill
permitting United States courts in
Arkansas to hold their sessions in
an additional city to those to which
they are now limited.

That fact in itself is peculiar,
for generally the President's
breakfast parties have a more per-
ceptible bearing on important
matters. It would seem that the
guests themselves were a little
puzzled about it. Caraway is a
member of the Judiciary Commit-
tee, now divided 8 to 8 on Warren.
Robinson has not declared him-
self.

The fight over Warren has com-
pletely switched around. It is now
the administration Senators who
are interested in getting the nomi-
nation reported at the present ses-
sion, and the opposition that is
inclined to hold it until March 4.
The reason is that a nine to seven
vote for an adverse report on the
nominee is forecast in the Judi-
ciary Committee of the next Sen-
ate, while under the present divi-
sion it may be possible to get a
report without recommendation.

One basis for the thought that
the Democrats would not stand
united against Warren is that there
may be more political ammunition
in having a man of his pronounced
views and record on the anti-trust
laws as the head of the Department
of Justice than in keeping him out.

Assuming that the reactionary
complexion of the Coolidge admin-
istration will be the big issue at
the next election this argument is
obvious. Another point urged is
that the Democrats may at some
time be as much interested in pre-
serving the precedent of permitting
the President to choose his own
Cabinet as the Republicans are
now.

RUMANIANS EXPEL GERMANS
AND CONFISCATE PROPERTY

Copyright, 1925, by the Press and Pub-
lishing Co., the New York World
and the Post-Dispatch.

BERLIN, Feb. 18.—Rumania
has begun an economic and diplo-
matic war against Germany which
promises to endanger the Dawes
plan—and the peace of Europe.

Netted by failure to collect
reparations apart from its share
under the Dawes plan, Rumania
during the last week has been con-
fiscating German holdings and ex-
pelling German subjects. The Ger-
man Foreign Office tonight is con-
templating reciprocal measures.
Even the moderate press supports
such economic warfare will in-
evitably lead to a diplomatic rup-
ture with far-reaching conse-
quences to the peace of Europe.
The controversy involves repa-
rations for money issued by Ruma-
nia during the occupation of
Rumania by Germany. For-
eign Minister Stresemann points
out in official statements, that
Germany cannot pay reparations in
advance under the Dawes plan.
Rumania refuses to wait for the
distribution of war damages among
the entente and demands sepa-
rate payment.

The German papers record
stories of families of Reich sub-
jects thrown out of their homes
and exiled, penniless, to Hungary.
In some instances German hus-
bands are reported to have been
separated from Rumanian wives.
The German Foreign Office will
intervene, lest the economic war
reach itself.

USE SULPHUR IF SKIN BREAKS OUT

Just the moment you apply Menthol Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Men's Sulphur at any drug store.

HAS ATTENDED 1705 FUNERALS IN 14 YEARS

William Brockmeier, Marshal of 23 Masonic Lodges, Keeps Record of Services.

In the last 14 years, William Brockmeier, 4004A St. Louis avenue, has attended 1705 funerals in St. Louis, undoubtedly more than any other person in the city, some undertakers excepted. As Marshal for more than half the Masonic lodges of the city, he has a complete record of his funerals since Jan. 10, 1911. No. 1705 was recorded last Sunday, and No. 1700 was entered in the black loose-leaf notebook Feb. 5.

His responsibilities are the gradual growth of years and now it is almost second nature among most of the Masons of the city to call on Brother Brockmeier when a member dies. With him in charge they know they can rest happy in the knowledge that an efficient, orderly and harmonious service will be held. Brockmeier is a stationary engineer. For 24 years he has been on the 6 p. m. to 3 a. m. shift at the Westinghouse Electric Co. and for 21 years a member of Mount Moriah Lodge No. 30.

Funeral Almost Every Day. "I drifted into the job of Marshal," he said to a Post-Dispatch reporter today. "Naturally I went to the funerals of deceased brothers. I realized that there was nearly always something going wrong and gradually I found myself sort of superintending everything and seeing to it that there were no slips in the ceremonies. In 1911 I started keeping the record, because I was handling all the funerals of Mount Moriah Lodge. Then the small lodges, that had few funerals, started calling on me and before I realized it I was going to a funeral almost every day."

Brockmeier is 60 years old, with an iron-gray mustache, broad shoulders and a strong physique. He never sleeps more than six hours out of 24 and as a rule he retires at 8 a. m. and is up before noon. His funerals average nearly one every other day—in 1924 there were 155. He is Honorary Marshal of 23 of the 46 Masonic lodges of the city and most of the others call on him when a member dies. Most of the Masonic funerals are held in the afternoon, but Brockmeier is always glad to postpone his sleeping if one is set for an early hour.

Question of Experience. "It is just a matter of experience," he explained. "The Masonic ceremony is simple but it is so easy for something to go wrong. I have directed so many services that I know just what must be done, in advance, and just how to handle the crowd. Take a big funeral, where thousands of people come, like that of Police Lieutenant Sears or Detective-Sergeant Lemkenier—why, an inexperienced Marshal would be lost." His only compensation is the service he feels he is doing to his fellow men. He cherishes many letters in which relatives of departed Masons thank him for his kindness. In 1923 his fellow Masons bought an automobile to make his work easier.

KILLS PARENTS AND HIMSELF

Iowan Acted to "Relieve Their Suffering."

Special to the Post-Dispatch. CRESCO, Ia., Feb. 13.—To "relieve his aged parents of their suffering," Will Dunn, 46 years old, graduate of West Point and veteran of the World War, today shot and killed Mr. and Mrs. W. D. Dunn and then took his own life, with the same weapon. A note left by the slayer set out his reasons for the deed and supplied the Coroner with instruction for the funeral and burial of the three bodies.

Missouri Woman Hanged Self. Special to the Post-Dispatch. COLUMBIA, Mo., Feb. 13.—The body of Miss Edna Anne Goosetree, 44 years old, was found hanging from the ceiling of the basement at the home of her father, J. E. Goosetree, here late yesterday. Miss Goosetree had been told that she was to be taken to the State Hospital at Fulton.

Philippine Chief Justice Nominated. By the Associated Press. WASHINGTON, Feb. 13.—Ramon Avancena, a native Filipino, was nominated by President Coolidge today as chief of the Supreme Court of the Philippine Islands.

A Standard External Remedy
of Over 70 Years' Standing
For Pains in the Back, Side, Chest or Limbs, Coughs and Colds—any local ache or pain resulting from taking cold, over-exertion or strain.
Sold by druggists in every part of the civilized world.

BETTER THAN WHISKEY FOR COLDS AND FLU

The sensation of the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried. All drug stores are supplied with the wonderful elixir, so all you have to do is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel the distressing symptoms of your cold fading away like a dream, within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it. Take the remainder of the bottle home to your wife and children, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for ear-ache, neuralgia and children's chok- ing up at night.

Post-Dispatch.

JEFFERSON CITY, Feb. 18.—
Robbins were issued today by
the Senate investigating commit-
tee on a new angle of the manage-
ment of the liquidation of the
Holland Bank of Springfield, a
\$5,000,000 failure of 1924.

The committee will inquire into
the employment of Finance Com-
missioner Millsaugh's brother as
manager of a Springfield store,
which came under the commis-

sioner's control in connection with
the liquidation, and into informa-
tion the committee has received
that that store and several others
were sold at prices far below their
value.

A Springfield policeman has
been summoned to testify regard-
ing a visit he made to a clothing
store, which was under Mills-
saugh's control, when he was in-
formed that, although the store
was supposed to be under lock by
court order, there was a light
burning in it late at night.

According to the committee's in-
formation, this policeman will tes-
tify that three persons of impor-
tant position in connection with
the liquidation were trying on and
wrapping up overcoats and other
articles of clothing late at night.

You just
KNOW
he's well

You, too, can have this mas-
terful, powerful, civilizing
and look of good health.

You just know
he's NOT well
There is no reason for you
to look or feel this way.

CONSTIPATION means
INEFFICIENCY

Watch your bowels! Consti-
pation produces disease, mis-
ery, inefficiency, premature
old age, senility. Have your
bowels moved today? If not,
you are constipated. They
should act at least twice daily
to be healthy. They should

be kept open to carry off the
parts of food the body does not
use, and which, if left in the
body, become horrible and
loathsome poisons which
breed sickness and often fatal
disease. If your bowels don't
move, they need help badly.

Dr. Caldwell's
SYRUP PEPSIN
The Family Laxative

—gently opens the gates of clog-
ged-up bowels and allows nature to re-
store a healthy condition. It is the
prescription Dr. Caldwell used for
years in his extensive practice and

consists of a pleasing liquid combina-
tion of Egyptian senna, pepsin and
aromatics. People have used it for
over 30 years, and it has kept mil-
lions healthy and well.

It Helps Nature Do What
Our Modes of Living Prevent

The work of professional men, clerks,
bookkeepers, students, shop men and
nearly every one today, because of de-
ficient muscular activity, tends to pro-
duce constipation. If you are con-
stipated, you need Dr. Caldwell's
Syrup Pepsin. 10,000,000 bottles used
annually prove its effectiveness.

It is sold everywhere medicine is
sold—and guaranteed. Try it at our
risk. Your druggist will return your
money if it fails to do as promised.

BOND FOR WOMAN
FIXED AT \$25,000

Judge Rejects Plea to Re-
duce Her Bail on Murder
Charge Because of Her
Age.

Special to the Post-Dispatch.

CHICAGO, Feb. 18.—Booked as
accessory to the murder of his
bride of a week, Logan F. Pierce,
son of a Chicago capitalist, was ar-
raigned today with Mrs. Lucy
Hagenow, 78-year-old midwife, in
connection with the death, follow-
ing an operation last Saturday, of
Mrs. Nina Ruth Harding Pierce,
daughter of R. H. Harding of East
St. Louis and a University of Illi-
nois sophomore. Mrs. Hagenow
was charged with murder.

The hearing was continued until
March 6, when both defendants,
who were represented by attorneys,
refused to testify. Pierce again
refused to identify Mrs. Hagenow
as the one who had performed an
operation on his wife a few days
before her death, and was released
on bond of \$7500. The midwife's
bond was fixed at \$25,000 by Mu-
nicipal Judge Schulman, who re-
jected pleas to reduce the bail be-
cause of her age.

"If she were a young woman I
would be prompted to set the bond
at \$100,000," he declared.

The husband, when taken into
custody yesterday after a search of
four days, refused to comment on
circumstances leading to his wife's
death. He was represented by an
attorney, whose answer to all ques-
tions was, "I have instructed my
client to say nothing." The ac-
cessory charge was placed against
Pierce, the police explained, be-
cause he declined to aid in the in-
vestigation.

Burial at East St. Louis.

The body of Mrs. Pierce was
taken to her home yesterday by
her father and a brother for burial
today.

Pierce, who had been engaged to
his bride since last winter when
both were students at the univer-
sity, spent the afternoon in a cell
yesterday while bond was being
arranged. For two hours he backed
all efforts of Police Captain Rus-
sell to elicit information concern-
ing events preceding Mrs. Pierce's
death and was no more communi-
cative to newspaper men afterward.
"My attorneys don't want me to
talk at all," was all he would say.

Mrs. Hagenow, who is said to
have attended Mrs. Pierce but has
denied performing an operation,
had been in custody for 24 hours
when the charge of murder was
entered against her. She has pre-
viously been indicted eight times
on manslaughter charges in con-
nection with the deaths of young
women and was convicted in one
case.

Married on Feb. 9.

The couple were married here on
Feb. 9, five days before the young
woman was taken in a critical con-
dition to a hospital from a room-
ing house. It was brought out at
the inquest that although Dr. John
McGaughey, who was called to at-
tend her, told the husband to no-
tify her parents immediately, they
did not learn of her condition until
after her death. Dr. James H.
Bloomfield of the hospital staff
said Mrs. Pierce was dying when
she was taken to the institution.
The inquest was adjourned until
March 5.

Funeral Services for Mrs. Pierce at
East St. Louis.

Funeral services for Mrs. Pierce
were conducted at the residence
of her parents, Mr. and Mrs. R. H.
Harding, 1645 North Forty-fifth
street, East St. Louis, at 1 p. m.
today by the Rev. Robert Peters,
pastor of St. Paul's Methodist Epis-
copal Church. The body was then
taken to Lebanon, Ill., former
home of the Harding family, for
burial in College Hill Cemetery.

pallbearers, selected from among
the young woman's most intimate
friends, comprised Misses Eunice
Williamson, Mary Louise William-
son, Helen Weese, Aline Cherry,
Marjorie Ballard and Mrs. C. L.
French, all of East St. Louis.

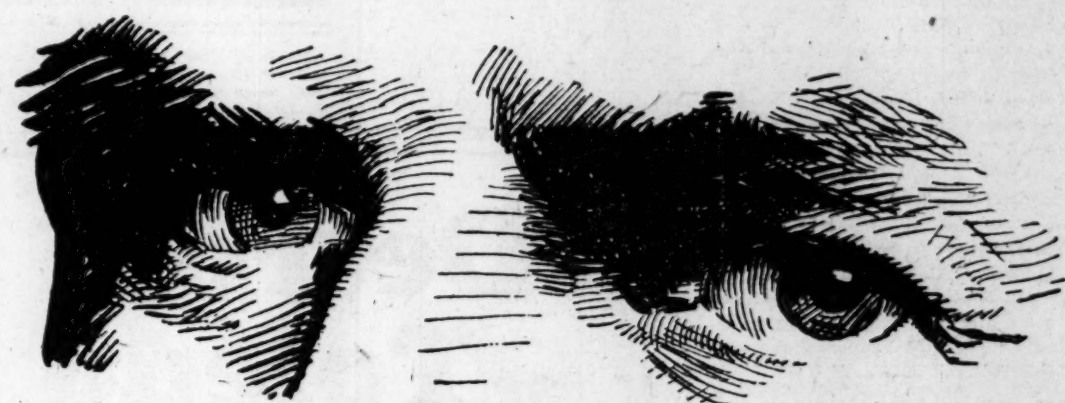

Besides her husband and par-
ents, Mrs. Pierce is survived by
a sister, Miss Elizabeth Harding,
and two brothers, Hard and Rob-
ert.

The Far-Seeing Eyes
of William Blank

—a true story about his Life Insurance

What
He
Was

WILLIAM BLANK—that is not his name,
but it will do—was born in humble sur-
roundings. The very lack of money in his
younger years taught him the value of money,
and proved again that the rock of adversity
only strengthens the structure of success.

What
He
Is

HIS financial condition improved, because
it couldn't become worse. Rolling from
job to job in an effort to find himself, he wore
out resistance (as much as resistance ever is
worn out), and he prospered. If we told you
his name, you would admit it. But take our
word for it—he has graduated with high honor
from the University of Hard Knocks.

What
He
Did

LAST week he made sure that his wife, his
children, even their children, would never
experience the need he once endured. In view
of his great experience—in view of his final
success, we thought you would like to know
how he did it. We're going to tell you.

How
He
Did
It

1. He bought Life Insurance.
 2. Made it payable to the Mercantile Trust
Company as trustee.
 3. Signed an agreement called a Life Insur-
ance Trust.
- That's all, as far as he is concerned, except
to pay the premiums when they are due.

What It
Means—
to Others

BUT that is not all as far as some others are
concerned. His wife will have a sure
monthly income for life. So will his unmarried
daughter. When they both die the estate
will be divided among his sons and married
daughters, or their descendants. Nor is that
all. Should it become necessary, we are given
power to increase the payments made to the
wife and daughter. Thus is ill-fortune effect-
ively blocked.

What It
Means—
to Him

THUS do the far-seeing eyes of William
Blank look beyond his own life—pos-
sibly beyond the lives of his wife and children.
He sees comfort, happiness, independence,
such as he did not have, but now can give.

He sees his own life lengthened, because
one problem has been eliminated—one worry
killed.

Finally, he sees personal achievement . . .
for . . . written between the lines of this Life
Insurance Trust is the story of a life well
lived . . . a job well done.

If you intend to leave \$5,000 or more to your family, a Life Insurance
Trust will interest you. To leave an income instead of a lump sum
is logical, and safe. Ask our Trust Officers for more information,
or call or write for booklet explaining Life Insurance Trusts.

GROGER, FATHER OF FIVE CHILDREN, KILLED BY AUTO

Louis Felberbaum, 52, Struck by Truck When Crossing Washington Boulevard.

Louis Felberbaum, 52 years old of 1421A Belt avenue, the father of five children, was knocked down and killed by an automobile truck as he was crossing the south side of Washington boulevard, 150 feet west of Leffingwell avenue, at 6:10 p.m. yesterday. He was dead from a fractured skull when the driver of the truck and others who witnessed the accident reached his body.
Felberbaum, who operated a grocery at 200 South Compton avenue, was not identified at the time and his body was taken to the morgue. About 10:30 p. m. his wife, Mrs. Dora Felberbaum, became alarmed at his failure to return home and communicated with the police. When told that the body of an unidentified man had been taken to the morgue, she and her eldest son, Paul, 21, went there and made the identification.
The truck which struck the grocer as he started across the street in front of a motorbus, was the property of the Freund Bakery Co. Taylor and Chouteau avenues, and was being driven west in Washington by John Rogers, 19 years old, a chauffeur, of 4614 Olive street. Rogers told the police he was driving at a moderate speed, but was unable to stop in time when Felberbaum suddenly appeared in the street in front.

Felberbaum's death was the twenty-fifth motor vehicle fatality of the year, as compared with 27 for the same period last year.
The machine was driven by Herman Juergens, 14, of 729 Shenandoah avenue, a peddler, who told the police he was unable to stop in time to avert the accident, as the boy leaped from the rear end of the wagon into the path of the automobile. Juergens was arrested on a charge of careless driving and turned over to his parents.

PETITIONS FILED FOR VOTE ON FIREMEN'S PAY INCREASE

Purport to Bear 37,800 Names. About 17,000 More Than Minimum Required.
Petitions for a vote of the people on an initiative proposition to increase the pay of city firemen, to increase the pay of city firemen, were filed with the Election Board today by the United Firemen's Association. They purport to bear 37,800 names, about 17,000 more than the minimum needed to assure a vote.
The increase would be \$25 a month for all ranks except the chief and his assistants, the bulk of the firemen now receiving \$135 a month. The additional cost to the city would be about \$250,000 a year.
In a statement by the association officers, the firemen expressed keen disappointment that the Board of Estimates and Apportionment refused to grant the increase, "compelling" them to go to the people, whom they want to give the opportunity to say "whether salaries shall be placed on a basis commensurate with services performed." The fire-fighters ask that their pay be made equivalent to that paid in other cities. In 1914, they point out, only New York, Chicago, and Kansas City firemen received more than those here, but now those in 34 other cities are ahead of them. Among reasons advanced for higher pay are the fact that insurance rates for firemen are above normal and their normal lives are interfered with by the 24-hour platoon system.

Mother! Kids Love Magnesia This Way

A NEW form that multiplies its benefits, yet is delightful to take—MINTRATED

DOES your child rebel at taking milk of magnesia? Object to its flat taste? Most children do.
To overcome that condition, doctors are widely urging a new form of magnesia—Mintrated Cream of Magnesia.
No child but delights in taking it.
Now, as a movement endorsed by leading specialists, a test is being offered free to mothers. Simply use the coupon.
What it is
The name is Mintrated Cream of Magnesia.
Mintrated to attain a multiplied effect—a scientific development.
It relieves stomach gas in fifteen minutes.
That is one place where plain magnesia fails.
It acts to correct the lack of "acid balance" in the stomach and the bowels, conditions to which 95% of your common daily discomforts now are traced.
It relieves most trying cases of constipation.
It acts to neutralize excessive stomach acids.
It clears the intestinal tract of its poisons.
It is not habit forming. Even when taken every day, a method in safe contrast to habit forming pills and drugs.
The cool of mint
It relieves indigestion quickly, amazingly. And is a delight to take. That is due to its mint-flavored property. The property no milk of magnesia embodies.
Thus it is a refreshing change from the flatness of plain magnesia.
Children love to take it. Every mother knows what this means.
A bottle free—obtain it
In justice to yourself and yours, make the test at our expense. Clip coupon now before you forget. Mail it today. Or purchase a bottle at your drug store.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Mustard—Easier, Quicker
There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness and stiffness with a little clean, white Musterole.
Musterole is made of pure oil of mustard and other natural ingredients, combined in the right proportions to give you the full benefit of the mustard plaster, and without the heat and blister.
Musterole usually gives prompt relief from stiff neck, asthma, neuralgia, lumbago, pain, rheumatism, colds, chills, sore throat, sore muscles, etc. It may prevent pneumonia.
To Mothers: Musterole is also made in a milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes.

Musterole Works Without the Mustard—Easier, Quicker
There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness and stiffness with a little clean, white Musterole.
Musterole is made of pure oil of mustard and other natural ingredients, combined in the right proportions to give you the full benefit of the mustard plaster, and without the heat and blister.
Musterole usually gives prompt relief from stiff neck, asthma, neuralgia, lumbago, pain, rheumatism, colds, chills, sore throat, sore muscles, etc. It may prevent pneumonia.
To Mothers: Musterole is also made in a milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or
to cut short an attack of grippe, in-
fluenza or sore throat, physicians
and druggists are now recommend-
ing Calotabs, the nauseless Calomel
tablet, that is purified from danger-
ous and sickening effects. Those
who have tried it say that it acts
like magic, by far more effective
and certain than the old style calo-
mel, heretofore recommended by
physicians.

One or two Calotabs at bed time
with a swallow of water—that's all.
No salts, no nausea nor the slightest
interference with eating, work or
pleasure. Next morning your cold
has vanished and your system feels
refreshed and purified. Calotabs
are sold only in original sealed pack-
ages, price ten cents for the ves-
pocket size; thirty-five cents for the
large family package. Recommended
and guaranteed by druggists.

Home-Made Remedy Stops Coughs Quickly

The best cough medicine you ever
used. Family supply easily and
quickly made. Saves about \$2.

You might be surprised to know
that the best thing you can use for
a severe cough is a remedy which
is easily prepared at home in just
a few moments. It's cheap, but for
prompt results it beats anything else
you ever tried. Usually stops the
ordinary cough or chest cold in 24
hours. Tastes pleasant, too—chil-
dren like it—and it is pure and good.

Peel 2½ ounces of Pinex in a
pill bottle; then fill it up with plain
granulated sugar syrup. Or use clar-
ified molasses, honey, or corn syrup,
instead of sugar syrup, if desired.
Then you make a full pint—a family
supply—but costing no more than a
small bottle of ready-made cough
syrup.

As a cough medicine, there is
really nothing better to be had at
any price. It goes right to the spot
and gives quick, lasting relief. It
promptly heals the inflamed mem-
branes that line the throat and air
passages, stops the annoying throat
tick, loosens the phlegm, and soon
your cough stops entirely. Splendid
for bronchitis, croup, hoarseness and
bronchial asthma.
Place a highly concentrated
compound of Norway pine extract,
famous for healing the membranes.
To avoid disappointment ask your
druggist for "2½ ounces of Pinex"
with directions and don't accept
anything else. Guaranteed to give
absolute satisfaction or money re-
funded. The Pinex Co., Ft. Wayne,

G. O. P. PARES FUND FOR COLLEGES TO FORCE TAX BOOST

House Committee's Action
on Educational Budget
Taken as Move Against
Senate's Policy.

By the Jefferson City Correspond-
ent of the Post-Dispatch.
JEFFERSON CITY, Feb. 18.—
An attempt by Republicans to
force the Democratic Senate to re-
cede from its position, that it will
not institute or pass any measures
increasing taxation, was made last
night when the Republican major-
ity in the House Appropriation
Committee voted to cut the appro-
priations of the State educational
institutions to the bone. At the
same time, it is allowing some oth-
er State departments all the money
asked, or more.

By so apportioning the appro-
priations that all of the revenue in
sight will be used up and the edu-
cational institutions at the same
time held to a starvation dole for
the next two years, Republican
leaders believe the Democratic
Senate will be forced to pass taxa-
tion increases in order to give the
educational institutions sufficient
money to operate.

Adopts Commission's Figures.
By a party vote, the Republic-
ans in the committee decided to
adopt the recommendations of the
State Tax Commission for the edu-
cational institution appropriations.
This was over the protests of the
Democratic members. The Tax
Commission's recommendations, which
pared the colleges to a min-
imum, were prepared by the com-
mission without hearings for the
institutions on their needs. They
are intended as a guide to the Leg-
islature in keeping appropriations
within the anticipated revenue.

In trimming down the educa-
tional institutions, the Republican
majority in the House committee
was careful not to slash the appro-
priations of other departments,
which have political influence, out-
weighing the plea of the State col-
leges that education is worth the
money sought for their main-
tenance. The committee has granted
to the State Penal Board a total
of \$771,150 for the penitentiary,
although the board originally
asked for only \$710,000. The Tax
Commission recommended that the
penitentiary be allowed only \$170,-
600. The Penal Board is financed
by Dr. Cortez F. Enloe, confidant
and close adviser of Gov. Baker's
Republican administration.

The Republican majority also
made an exception of the appro-
priation for Lincoln University for
negroes in Jefferson City. It agreed
upon a bill appropriating \$500,000
for the university, a reduction of
only \$17,000 from the amount
recommended. The Tax Commission
recommended \$183,700 for Lincoln
University.

S. S. Bales (Rep.), chairman of
the committee, admitted the agree-
ment on \$500,000 for Lincoln Uni-
versity was to satisfy Walter H.
Moore, negro Representative from
St. Louis, and his constituents. He
said the bill "might have to be re-
vised later."

The vote in the committee to
adopt the Tax Commission's esti-
mate for the educational institu-
tions was 18 to 10. One Democrat,
McRoberts of Lewis County, voted
with the Republicans, and one Re-
publican, Williams of Bollinger,
voted with the Democrats. The
Democrats had urged that the edu-
cational institution appropriation
requests be taken up item by item,
and worked out on their merits,
but were voted down.

Increase of \$1,299,850.
"This disparity between some of
the departments and the educational
institutions is astounding," said
E. W. Allison, of Maries County,
Democratic floor leader in the
House and a member of the com-
mittee. "Such a plan of passing on
appropriations and reducing them
without consideration of the merit
of the items is the worst I have
seen in my experience here. It de-
serves to meet the rightful con-
demnation of the people of the
State."

He pointed out the commission
had made its estimate arbitrarily
without hearings. Thus far in con-
sidering the penal and eleemosy-
nary institutions, the committee has
allowed \$2,849,892 to institutions
for which the Tax Commission re-
commended \$1,550,042, an increase
of \$1,299,850.

The committee last night voted
to adopt the Tax Commission's es-
timate of \$2,671,100 for the uni-
versity of Missouri, a reduction of
\$3,955,160 from the amount sought
by the university. In the last bi-
ennial period \$3,491,548 was ap-
propriated for the university.

The Tax Commission's arbitrary
estimate of \$508,200 for the School
of Mines at Rolla was also adopt-
ed. The school asked for \$878,360.
The committee will take up the
appropriations of the five State
teachers' colleges later in the week.
Republican members of the com-
mittee said the Tax Commission
figures would be adopted for these
institutions.

No matter how many roads there are
leading in or out of your town, the ones
best paved get the traffic.

This is especially true if these roads
are of Concrete. For every motorist
appreciates the many advantages of driving
over its true, rigid, unyielding surface.

No wonder Concrete Highways are
crowded for mile after mile. More than
17,000,000 motor vehicles are using
them today. And new cars are being
produced at the rate of 4,000,000 a year.

Here is a situation of vital concern to
you. Everywhere we need more or wider
Concrete Roads, or both, to take care of
the ever-increasing traffic. And now is
the time to plan for their construction.

Your highway officials want to be of
the greatest possible service to you. Get

Gas On Stomach Affects Woman's Heart

Both Heart and Lungs Pressed On By Gas

"I suffered from gas pressing on my
heart and lungs. Adierka did more for
me than anything I ever took." (Signed)
Mrs. Annie Harris.
There is now offered to the public a
liquid preparation which is not only a won-
derfully effective and QUICK intestinal
-relaxant, but which also tends to stimu-
late the glands of the intestinal tract and
to cause expulsion of gases (GAS). This
preparation, known as Adierka, is a val-
uable agent for the purpose of "cleanse"
the bowels of matter which has been in the
system a long time and which either less
effective means have been unable to dis-
lodge. It is often astonishing the great
amount of matter Adierka draws from
the intestinal canal—even right after a nat-
ural movement. It sometimes brings out
unsuspected quantities of additional mat-
ter. Many times it brings out much GAS,
thus relieving pressure in the abdomen.
Adierka is especially valuable when
PROMPT action is necessary or to en-
courage the elimination of metabolic
poisons through the bowels.
In slight disorders such as occasional
constipation or gas on the stomach and
headache (when due to bowel inaction), a
single spoonful of Adierka often produces
surprising and gratifying results. In case
of obstinate constipation or stomach
trouble, if Adierka does not bring relief in
24 to 36 hours the advice of a reputable
physician should be secured.
"I congratulate you on the good effect
from Adierka since I procured it."
(Signed) Dr. L. Langlois.
"Adierka is the best in my entire 47
years' experience." (Signed) Dr. J. Becker.
"I prescribed Adierka with highly satis-
factory results." (Signed) Dr. A. C. C.
(Name given on request.)
"I can't get along without Adierka."
(Signed) Dr. W. H. Bernhart.
J. E. Fickett, a user of Adierka, writes:
"After taking Adierka feel bet-
ter than for 20 years. Haven't language
to express the impurities eliminated from
my system."
Adierka is a big surprise to people who
have used only ordinary "catharsis" and stomach
medicines because of its REAL and QUICK
effect. Sold by leading druggists every-
where. St. Louis by West-Allen Drug Co.,
Endersby Drug Co., and other leading drug

Thousands Have Banished Gray Hair with this Clean, Colorless Liquid

Make a Test of Kolor-Bak Today

People everywhere praise Kolor-Bak for its remarkable power to banish grayness. The results are really astonishing, for no matter what the original shade was, it quickly reappears when this clean, colorless liquid is used.

According to scientists, grayness comes when age, illness, shock or disease causes a lack in the normal supply of coloring matter furnished to the hair—but whatever the cause, Kolor-Bak soon brings back the former shade, and the shade is uniform throughout—no "dyed" or streaked appearance. Results appear quickly—often in a week. Kolor-Bak is the most satisfactory substitute for the natural pigmentation. It also removes dandruff, stops itching of the scalp and keeps the hair from falling out.

"My Hair Was Quite Gray"
"Only a short time ago my hair was quite gray. It was falling out. I had been using Kolor-Bak for some time. It has brought back my hair. It is now as black as it ever was. I look 10 years younger." (A typical letter)

DEPOSITIONS ARE TAKEN IN LINCOLN HOUSING SUIT

Three Witnesses Agree That the Records Only Can Reveal Tangled Transactions of Concern.

One thing was agreed upon by witnesses interrogated yesterday in the taking of depositions in a suit brought by Charles J. Corbett, a disinterested certificate holder, attacking the corporate existence of the Lincoln Savings and Loan Association, with a view of reconversion of its assets to the defunct Lincoln Housing Trust for final liquidation of its million-dollar assets.

That was, that the records themselves would disclose the story of the myriad transactions between the four corporations involved—the two mentioned and their respective fiscal agents, the Lincoln Fiscal Agency for the Housing Trust and the Lincoln Finance Corporation for the building and loan company.

Three witnesses examined. The witnesses—Thatcher A. Parker, president of the Lincoln Savings and Loan Association; Joseph Foristel, its former secretary, and Charles Hertenstein, former treasurer of both the housing trust and its successor to 80 per cent of its assets—agreed also that from the time the savings and loan company was chartered in September, 1923, until Finance Commissioner Millsap released the converted assets in February, 1924, it did so business.

"Why, at the first meeting of the board," asked Ephraim Caplan, attorney for Corbett, of Hertenstein, "did the Lincoln Savings and Loan Association pay over \$17,000 to the Lincoln Finance Corporation?"

"I would have to see the records," replied Hertenstein. "The Finance Corporation was organized to pay the operating expenses of the building and loan company was it not?" "It was."

Asked About \$532 Payment. "Why, Sept. 27, 1923, was \$532 ordered paid over to the Finance Corporation?" "I would have to refresh my memory from the records."

"Did the building and loan company pay salaries during this period?" "I didn't get a penny, but salaries might have been paid, if the by-laws so provided."

"Why, in June, 1924, did the building and loan company pay the fiscal agent \$11,000 for expenses?" "It might have been for money advanced by Lincoln Finance Corporation."

Foristel, the secretary, was questioned as to whether regular meetings were held during the six months of suspension. He said he couldn't recall, but that the minutes would show.

"You prepared the minutes?" asked Caplan.

"Testimony as to Records."

"Yes, I wrote them up and put them in a bound book." Later, he explained the minutes were written on loose sheets and then turned over to the president. Caplan attacked the variance in the testimony, seeking to show, by inference, that two sets of minute books were kept. Foristel testified also that he received a salary of \$500 a month, which was cut to \$400 and he quit.

"Why didn't you function during the period of suspension?" Caplan demanded of Parker. "We couldn't, we had no assets," was the reply.

"Why didn't you write new business?"

"Good business judgment told us not to. Why, I would have been a consummate fool to bring a man in and asked him to buy a certificate, when we had nothing to sell."

"What was the \$17,000 reported as collected at the first meeting?" "I couldn't tell without the records."

Methods Used in Transfer.

Caplan then questioned Parker as to the method and forms used in inducing certificate holders in the old Housing Trust to exchange their certificates for an equivalent holding in the new company. This was done by means of a rider attached to the old certificate pledging the new company to redeem the terms of the old certificate.

"But you wouldn't give them certificates in the new company?" questioned the attorney.

"No," explained Parker, "not unless they had made a loan. The reason was this. In the old certificate the cash surrender became payable in six months; in the new one month. We wanted to keep this confusion free from their minds."

"But you did promise them dollar-for-dollar credit in the new company?" "Yes, less expense payments, and we stand ready to do that today."

The Expense Payments.

The expense payments, it was brought out, covered in turn, first, to the fiscal agent the first \$1000 at a rate of \$7.50 per \$1000 of the loan purchased, and 30 cents per \$7.50 thereafter. Attorney Vincent L. Bousubin, representing the building and loan

company, at the outset, attacked in equity. H. A. Roskopf, the commissioner ruled, however, that the whole proceeding, which is preliminary to the trial in the Circuit Court Feb. 25, as illegal, in that it did not constitute a cause of action.

Parker continued his deposition this morning at the hearing, held in Caplan's office in the Central National Bank building, State Fl.

The Savings Habit Is as Important as the Savings
With few exceptions, large American fortunes are possessed by men whose only capital in the beginning was character, capacity and a dogged determination to save.

Their savings not only put them in the way of grasping profitable opportunities, but the savings habit developed those practices of thrift and economy so necessary to the successful conduct of any business enterprise.

RUPTURE IS NOT A TEAR

THERE ARE NO BROKEN PARTS TO HOLD TOGETHER.

Some people have a mistaken idea that a rupture is a tear. Rupture is not a tear, but purely a muscular weakness in the abdominal wall. Ordinary rupture appliances serve as a false prop to a collapsing wall, offering merely mechanical support to distended parts. STUART'S RESISTIVE PLAPAO-PADS are entirely different. Their paramount purpose is to keep applied a contracting muscular tonic called "Tapsin" with the view of strengthening and restoring tone, and contracting power to the weakened muscles which are the true cause of the condition called rupture. No straps, buckles or obnoxious springs attached. Can not slip, so cannot chafe or press against the pubic bone. Such a device is easy to apply—inexpensive. In use by thousands for nearly twenty years—most obstinate ruptures reported as being entirely cured without hindrance from work. Awarded Gold Medal in Rome, Grand Prix in Paris and honorable mention at the Panama Exposition in San Francisco.

Pain In Your Shoulder?

It's Probably Neuritis; Use Tysmol for Relief

Knife-like jabs of pain in the vicinity of the shoulder blade are usually due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm.

The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing, aching peripheral nerve. The pains usually stop immediately and in a very short time the last trace of soreness should disappear. Tysmol is absolutely harmless—free from "dope." Price \$1 at all leading druggists. On sale in St. Louis by Judge & Dolph Drug Store and by Wolff-Wilson Drug Co.

RUPTURE IS NOT A TEAR

THERE ARE NO BROKEN PARTS TO HOLD TOGETHER.

Some people have a mistaken idea that rupture is a tear. Rupture is not a tear, but purely a muscular weakness in the abdominal wall. Ordinary rupture appliances serve only as a false prop to a collapsing wall, offering merely mechanical support to distended parts. STUART'S ADHESIVE PLAPAO-PADS are entirely different. Their paramount purpose is to keep applied a contracting, muscular, tonic called "Plapao," with the view of strengthening and restoring tone, and contractile power to the weakened muscles which are the true cause of the condition called rupture. No straps, buckles or obnoxious springs attached. Cannot slip, so cannot chafe or press against the pubic bone. Soft as velvet—easy to apply—inexpensive. In use by thousands for nearly twenty years—most obstinate ruptures reported as being entirely subdued without hindrance from work. Awarded Gold Medal in Rome, Grand Prix in Paris and honorable mention at the Panama Exposition in San Francisco.

Facts About Taxes on Cigarettes

TO the general public, we believe it will be surprising to learn that nearly half of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a 75c tin of one hundred the revenue stamp costs you thirty cents.

So nearly one half of what you pay for cigarettes is spent by you for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception, *income taxes*, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$309,014,050.84.

Of this enormous amount of money the cigarette industry paid \$182,715,735.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins More Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it generous, to attract attention.

Super-quality

Only by immense volume can we produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly extra process, *toasting*, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert, describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

We know a trial will make you a permanent customer of ours.

Hoppe's Greatest Asset Is Ability To Concentrate, Peterson Writes

Fancy Shot Artist to Discuss Merits of Players Who Will Compete in World's Championship Tournament.

(This is the first of a series of articles written by Charles C. Peterson describing the characteristics and discussing the merits of the players who will compete in the world's championship billiard tournament at Chicago, starting next Monday.)

NO. 1—WILLIE HOPPE.

By Charles C. Peterson.

Work and unlimited patience for practice; an even disposition; excellent habits, and love for the game of billiards are the assets that have made Willie Hoppe a champion of all time.

When training for a tournament, Hoppe merely smiled a good-natured, happy smile.

A Good Loser.

Again, when he was beaten by Jake Schaefer Jr. at Chicago in 1921, he grasped the hand of the new champion and heartily congratulated him upon his success.

This, of course, was a more severe test of character than any match in which he was the winner for in losing to Young Jake Schaefer he was relinquishing the championship for the first time since he acquired the title, 11 years before.

Hoppe since 1912 has been troubled with a nervous affliction which affects his stroke. At times, even in championship play, he has found himself unable to complete his stroke. At intervals he has fallen into the practice of "fiddling" and this disorder at one time threatened to rob the game of its most picturesque figure.

In his match with Demaree in 1912, I counted 33 preparatory strokes before he was able to strike the ball. This was entirely unnecessary and must, of course, have resulted in a tremendous strain. Ordinarily three preparatory strokes is sufficient for most players.

Later, in 1922, the condition was even more pronounced and I counted as high as 43 of these small strokes on one shot. Then Willie gave up, walked away from the table, returned to it and made one of the most wonderful one-cushion caroms that I have ever seen, and later won the match and championship.

In his challenge match with Schaefer, following the tournament, he demonstrated his ability to adapt himself to conditions by entirely abandoning the masse stroke, on account of the nervous twitch, and with this very important asset eliminated, he defeated Schaefer and retained the title.

Hoppe won the 182 title in 1910 and held it continuously until 1921 when he lost to Jake Schaefer. He won it back in 1922 and successfully defended it in 1923 and in 1924.

Last Night's Fights

WASHINGTON.—Martin Burke of New Orleans received the newspaper verdict over Sally Montgomery, Port Worth, in a round no-decision bout which featured the title card at the opening of the new Jorgensen National Capital Sporting Club.

ALEXTOWN, Pa.—Harry Greb, middleweight champion of the world, easily won the decision over Billy Britton of Pittsburgh, Kan. The champion apparently did not extend himself for five rounds but had no difficulty in outpointing his opponent when he got loose in the last half of the 10-round battle.

HOT SPRINGS, Ark.—Tommy Freeman, Hot Springs welterweight, won every round of his 10-round bout here with Jack Willis of San Antonio, Tex.

NEW YORK.—Tommy Milton, New York, got the decision over Frankie Farnon, New York, 12 rounds. Mc Gintberg, New York, got the decision over Lew Palmer, Columbus, O., 10 rounds.

NEW YORK, Feb. 18.—Robert Cannex and Willie Hoppe boxed even in the fifth and sixth bouts of their 60-point match at the Friars Club yesterday, but the three-cushion champion gained five caroms on the day's play and ended his rival's lead to eight points.

Hoppe, playing brilliantly, won the afternoon match by a score of 60 to 48, but in the night match he was defeated by a score of 77 to 60.

The total to date, with only four more blocks' play, stands: Hoppe, 360; Cannex, 352.

It was not until the ninth inning of the late game that Cannex found his stroke. He played poorly in the afternoon, Hoppe clicked off nine points to his first nine innings, and this gave him a lead of eight points for the block and 33 for the match.

Cannex scored only one point in his first eight innings.

There was a faint smile on Cannex's face as he appeared at the table for his ninth inning. He made a three-cushion shot without any trouble. Then he made a bank shot that was a great piece of work. He manipulated his cue like a real master, and clicked off eight caroms before he terminated his run by missing a hard shot by the table.

After 10 innings Cannex had made five more points. On his twenty-second appearance at the table he added six more caroms.

These three runs gave Cannex a lead of a dozen points. There was a lull in his play after this, and Hoppe, gathering in 16 points over a space of seven innings, came within three of tying Cannex.

SIMPSON, TIGER STAR, IS ON INJURED LIST

By the Associated Press. COLUMBI, Mo., Feb. 18.—Robert Simpson, coach of the Missouri track squad, declares his team has only a slim chance of defeating Kansas in the dual meet between the two schools here Feb. 25. The injury suffered by Chauncey Simpson, Tiger hurdler, and sprinter, several weeks ago, has transformed what appeared to be certain victory into mere hope, Coach Simpson said yesterday.

M'MILLAN, FORMER BROWN, IS HOLDOUT

By the Associated Press. ST. PAUL, Minn., Feb. 18.—Chiff Markle, pitcher, and Norman McMillan, third baseman, have returned uninvited their 1925 contracts, the management of the St. Paul American Association club announced yesterday. Markle asked for an increase in salary, and McMillan demanded the same amount of money he drew while with the St. Louis Browns.

No. 9—The Dodgers.

The Brooklyn club has Dazzy Vance, voted in 1924 as the most valuable player in the National League, and Burt Grimes on its pitching staff, but nevertheless 10 hurlers will try for berths at the training camp in Florida. Several of these have had previous tryouts.

Among those who will make another try to win a berth in the Dodgers' lineup is the pitcher, Henry, who was once with the Browns. Henry was recalled from New Orleans after winning 10 and losing two games, and being found by the manager to be a three-cushion player and beat the ballgame champion by a score of 77 to 60.

The total to date, with only four more blocks' play, stands: Hoppe, 360; Cannex, 352.

Ritola Will Try For 2-Mile Mark

Finnish Star to Make Attempt in Games at Brooklyn Track Tonight.

By the Associated Press. NEW YORK, Feb. 18.—American athletes and adopted sons will test the training methods of Paavo Nurmi tonight.

The Knights of St. Anthony Games in Brooklyn and the Prudential Insurance meet in Newark are scheduled for the same night.

However, Nurmi's accomplishments have stirred the track stars of this side of the Atlantic to new endeavors and a brilliant group will compete in both engagements.

Willie Ritola will attempt to break the two-mile mark, a seemingly impossible task, at the Brooklyn races. Nurmi raised the distance Saturday night in 8 minutes 58.1-5 seconds, faster than any other ever had traveled. He will appear in Newark earlier in a three-mile test.

Jole Ray, George Marsters, Leo Larriev, Tom Clausen, Jimmy Connolly and Johnny Barnes will run the "St. Anthony 1000" for which distance Ray holds the record of 2:15.2-4 minutes.

Another feature of the Brooklyn contests is the suburban quarter-mile race, which will be won by Cutbill, the "Flying Parson." Jimmy Connolly, former Georgetown star, has run a 2:16 this year.

IF RHEUMATIC
EAT NO SWEETSSays Glass of Salts Help to
Overcome Rheumatism Acid.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kinds.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keep accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

\$41,000,000 FOR
RIVERS AND HARBORSSenate Committee Favorably
Reports Measure, but Eliminates
Five-Year Program.

WASHINGTON, Feb. 13. — A rivers and harbor bill carrying authorization for projects and surveys for which appropriations aggregating \$41,728,150 would be required, has been reported favorably by the Senate Commerce Committee.

The bill, as reported yesterday, calls for about \$2,000,000 more in expenditures than it carried as passed by the House, although a number of items approved by that chamber and proposals brought forward by Senators were reduced considerably to bring the total of authorizations as close as possible to the \$40,000,000 limit set by President Coolidge.

The committee approved provisions for important links in the inland waterway from Maine to Texas, including the Louisiana and Texas Intracoastal waterway, for which \$5,000,000 would be appropriated, and \$275,000 for a survey of the St. Lawrence waterway project by an agency to be designated by President Coolidge.

More than 200 surveys were authorized, including that of the deeper waterway from the Great Lakes to the Hudson, and the Great Lakes waterways from Duluth to Buffalo. Of the 200 surveys 50 were added by the Senate committee.

An authorization for \$500,000 for a survey of the potential water power on the navigable streams of the country, approved by the House, was eliminated by the Senate committee on the ground that the amount would not cover the cost of such an undertaking. A request was incorporated that the Secretary of War estimate the cost of such a survey.

Acting on recommendations of the President, the committee cut from the bill provisions that existing projects on the Mississippi, Missouri and Ohio rivers be completed within five years.

The President's objection to this provision was based on his desire not to commit the budget authorities to extended programs.

HOUSEHOLD SUGGESTIONS

A Tip for the Lovelorn.
A sprig of parsley dipped in vinegar and eaten after partaking of onions is said to remove all traces of rather audible vegetables from the breath.

Proper Care.
Wash the teakettle and coffee pot along with the other pots and pans after the meal and you will not be bothered with lime and sediment collecting in them.

An Old Hen.
If you distrust the roasting chicken and are afraid it will be tough, try this method of cooking it. Prepare it for roasting and then place it in a covered boiler, with about two cups of water and let it steam for one hour. Then roast as usual and you will find the fowl will be tender.

Splendid for Him.
Let the youngster eat plenty of butter. So many mothers are so particular about "wasting butter" with children and watch them carefully when they spread their bread or else butter it for them. The child who eats plenty of butter is by no means wasting it, as it is splendid for him. Economize on the candy and cake permitted him and let him have the butter.

LEFT OVERS
H AVE some more beans," urged the housewife, "because there is no way I can use them so I shall have to throw away what is left and I never like to do that."

"My wife makes a delicious soup out of left-over baked beans," encouragingly replied the guest. "I'll ask her to send you directions for making it."

And here are the directions: To two cups of left-over baked beans add half a can of tomatoes, one sliced Bermuda onion, one teaspoon sugar, two cloves and about an inch of stick cinnamon. Cover with five cups of cold water; bring slowly to boil, then out in a generous half cupful of chopped celery tops.

When to Water the Milk
If you find the milk supply insufficient when you are baking cake, biscuit or muffins, just dilute it with water. Your cake will taste quite as good as usual.

I'll Pay \$25

Per box for a better Powder

By Edna Wallace Hopper

I used to pay \$5 per box for my powders. They were made to my order, and the makers proved them the best powders in existence.

I will gladly pay \$25 per box for any better powder. And countless friends of mine on the stage and in movies will do likewise.

But I am convinced that I obtain the best powders yet produced. And, by thousands of requests, I now supply them to all who use what I use.

These powders are still made to my order. But now, in supplying all women, I order by the hundred thousand boxes. So I supply them to you at the cost of ordinary powders.

These powders are matchless creations, made by specialists in powders. All the lore of powder making is embodied in them. As fine as vapor, as harmless as dew, and fragrant with my favorite perfume.

There are two kinds—light and heavy. My favorite is the heavy powder, in square box, based on my Youth Cream. It clings and stays. That I call my Youth Cream Powder. It costs \$1.

But I have the same powder made light and fluffy for people who prefer it. And that light powder in round box sells at 50¢. All druggists and department stores have both. And both come in three shades—white, flesh and brunette.

Send this coupon and I will send you samples of both. They will change your whole conception of fine powder. Please do that if you think I know the best.

Children's Bedtime Story

Buster Bear Asleep

Acquaintance often makes it clear Just what a bugaboo is fear.

—Jumper the Hare.

Of course Jumper the Hare just had to stay in Buster Bear's bedroom for some time. He didn't dare go out. In the first place, he had got to rest. Then, too, he didn't know where Old Man Coyote was. Old Man Coyote might be waiting for him to come out.

At first Jumper's heart went pit-a-pat, pit-a-pat at the mere thought of being so close to great big Buster Bear. It was rather frightening to one so timid as Jumper the Hare. For that matter, it would have been rather frightening to almost any one. But little by little Jumper's heart stopped its thumping. After awhile he was no longer afraid. You see, Buster Bear hadn't moved. He was sound asleep in that strange, deep sleep such as only he and Johnny Chuck and a few others ever know—the sleep that lasts all winter.

At first Jumper crouched as far from Buster Bear as he could. But as his fear grew less his curiosity grew greater. He didn't know of any one who had ever seen Buster Bear in his winter sleep. It would be something to boast about. So after awhile Jumper stole a little nearer. Then he went nearer still. Buster Bear didn't move. He was as still as if he were dead. He was lying on a comfortable bed of small branches and leaves which he had taken in there in the fall. To Jumper he didn't seem to be breathing. Of course he was, but he was breathing very, very slowly.

Accidentally Jumper touched one of Buster's big paws. Of course he meant Jumper. He was frightened half to death. But Buster Bear didn't move. It was quite clear that he didn't know he had been touched. After a bit Jumper crept back. He touched that big paw again, only this time he did it purposely. Still Buster didn't move. After that Jumper

"Oh, Peter!" cried Jumper. "Where do you think I've been?"

lost all fear. He gradually began to understand that he couldn't waken Buster if he tried.

Such a queer feeling as Jumper the Hare had. Here was the biggest, strongest of all the people of the Green Forest, the one most respected, the one out of whose way everybody kept, and he, the most timid of all the people of the Green Forest, had nothing to fear. It certainly was a queer feeling. It was hard to believe that Buster Bear was alive. In fact, after awhile Jumper began to wonder if Buster was alive. He couldn't have been more quiet had he been dead.

Jumper spent the rest of that night in Buster Bear's bedroom. When he went out the next morning he was thoroughly rested and he was brimming over with excitement. He just ached to tell his friends how he had spent the night with Buster Bear. He knew they wouldn't believe it. Of course not. But just the same he was so excited that he simply must tell some one. And so he hurried to the Green Forest looking for some one to whom he could tell the wonderful news. As luck would have it, the first person he met was Peter Rabbit.

"Oh, Peter!" cried Jumper. "Where do you think I've been?"

When You Entertain

TRY this for a salad: Boil a pair of sweetbreads and chill. Boil a four-pound fowl and half an hour before it is done add to the water two slices of onions, a small bay leaf, a few celery tops and salt to taste. Let it get cold in the water in which it has cooked.

Dice the chicken and sweetbreads, add half the amount of diced celery as there is meat, two or three chopped hard boiled eggs and a dozen sliced stuffed olives.

Season to taste with salt and paprika and mix with a mayonnaise dressing. Serve on individual lettuce leaves and garnish with sliced pickled beets and capers.

A frank talk on Family Finances addressed to all Women who are thinking of the Future

MANY a woman knows that the family income is being spent in a "better skelter" fashion, without any sort of definite plan. She would like to change the system but she doesn't always know just how to start doing it.

She is tired of always being a little bit behind in paying bills. She realizes that there is no surplus, or savings, being built up. She dreads to look into the future, especially if there are children to be educated and given a square start in life.

Many thousands of women have solved similar problems by adopting some sort of a Budget system. It means that a record is kept of all the money which the family spends, and such a record is subdivided so as to show just what each dollar was spent for.

In a month or so, a woman who uses such a system can tell exactly to the penny what part of the family income is going into rent, how much is being spent for amusements, what is going into food, savings, clothes, spending money, and so on.

The result is that one can then determine where to slow up on spending, which

210.

Inspection of the tax records of
St. Louis shows that in this city
there is approximately \$8,000,000
worth of real estate held by edu-
cational and fraternal institutions
and not taxed, which is used for
business purposes and is presumed
to be producing or capable of pro-
ducing income. If taxed, this prop-
erty would add about \$200,000 a
year to the revenue of the city,
schools and State.

A list of this property which is
assessed but not taxed, has been
prepared by the Comptroller's of-
fice for the Legislative Investiga-
tion Committee which meets here
Saturday to inquire into tax eva-
sion in St. Louis.

Of the holdings in this list,
Washington University has 36 par-
cels, with assessed valuation total-
ing \$6,958,210; the Mercantile Li-
brary has its six-story building, 741
Broadway and Locust street,
known as the First National Bank
Building, assessed at \$930,500; and
the other items are: Druid's Hall,
Ninth and Market streets, assessed
at \$49,829; and Labor Lyceum, 1249
North Garrison avenue, assessed at
\$5950.

Cupples Station Tax Exempt.
The university's tax-exempt
holdings in the city comprise al-
most entirely warehouse and fac-
tory property. Outstanding in the
big warehouse property, known as
Cupples Station, in the block
bounded by Seventh, Ninth, Poplar
and Spruce streets, assessed at \$1,-
171,550. Numerous other holdings
are in the immediate vicinity of
this.

Among important downtown
holdings of the university, with as-
sessed values, are: International Shoe
Co. main office and warehouse,
1501-15 Washington avenue, \$554,-
250; Friedman-Shelby branch of
International Shoe Co., 1619-23
Washington avenue, \$332,750;
Mars & Hous Clothing Co., 1206-12
Washington avenue, \$231,210; O.
J. Lewis Mercantile Co., 1009-13
Washington avenue, \$232,000;
Hice-Rix Dry Goods Co. factory at
615 North Eleventh street, \$146,-
250; left building at northeast cor-
ner of Eleventh and Locust
streets, \$305,000; office and shop
buildings at 1807-37 Locust street
of Weber Motor Car Co. and
Wheeler Implement and Automobile
Co., \$391,250; the vacant building
at 1806-14 Locust street, formerly
used by St. Louis Medical College,
\$175,000; and three industrial
buildings at 2647-61 Locust boule-
vard, \$210,750.

Of the 26 tax-exempt holdings of
the university, 20 are occupied by
buildings, the total assessed value
of these improvements being \$4,311,-
500. Land in the 36 lots is as-
sessed at \$2,646,710.

61 Pieces of Property Listed.
All told, the university has 61
pieces of property on the tax-ex-
empt list, but those not included in
the accompanying list of presumed
income property are not believed
to be making money for the insti-
tution and some are used for ac-
tual university purposes. Almost
all of the university's main campus
is in St. Louis County, but only the
city is included in the scope of the
legislative inquiry.

Total valuation of the 61 par-
cels is \$9,472,930, comprising land,
\$2,652,230; and buildings, \$5,421,-
500.

A recent notable gift to the uni-
versity was that of a \$300,000 equi-
ty in the Chase Apartments, donat-
ed by W. K. Bixby. However, title
to the apartments at present is in
the name of the St. Louis Union
Trust Co., so that it is not entitled
to exemption.

Joseph A. Hedges, manager of the
university's property, would not
discuss its holdings or exemptions
because of the pending inquiry.

The Mercantile Library.
The Mercantile Library building
occupies a 115x128-foot lot at
the intersection of Broadway and
Locust street, which
\$212,500. The first building there
was razed and the present large
one built in 1889 at a cost of \$322,-
000. Present assessment of the
building is only \$200,000 and of
the lot, \$50,500.

The library occupies only the
eastern portion of the lot.

The Man on the Sandbox

THE PASSING SHOW.

OUR Gov. has been subjected to
a heap of criticism;
His acts are causing much ado
Because of nepotism.
And so the party worker tolls
To block his nominations,
Because the justly famous spoils
Accrue to his relations.

I see the recent soccer row
Has happily been ended
And everybody's happy now
The breaches have been mended.
And now that peace has been de-
clared,
In manner quite exciting,
The soccer boys are all prepared
To go on with their fighting.

The race for Mayor grows apace
But no one knows who'll win it.
In heats, they'll have to run the
race,
There'll be so many in it.
The field is tugging at the bit
The road is rough and rocky;
We wouldn't be surprised if it
Depended on the jockey.

HOW COME?
"Williamson County Coal Haul-
age Drops."
Did somebody get the drop on it?

See where the upper and lower
houses are at loggerheads over the
postal bill. It will probably be set-
tled by the bloc heads.

"Featheredge" Schmidt says if
we don't look out those Federal
Judges will be the ruin of this
country. Their recent actions in
curbing the activities of "Feather-
edge" and his companions smack
very strongly of restraint of trade.

See where England is becoming
a nation of whole-wheat bread eat-
ers. Where are the beef-eaters of
yesterday?

"Says Doctor Charged \$65 for
"How Are You?"
Not so good.

Under the new taxicab rates five
can ride as cheap as one. Fare
enough, we'll say.

"Nose Is More Important Than
Spectacle Balancer."
We'll say it is. Without our nose
we'd have nothing to blow but our
own horn.

Your eyes may show you the way
to go, but after you start you've got
to follow your nose.

The man on the sandbox suggests
that the persons who can't stand
the smoke and soot of our city can
move to Hawaii, where the houses
have no chimneys.
